

Dates: Term 1.2 2021

Teachers: Razanne Alayan, Charlotte Karara, Christina Seeley, Rachael Small

Literacy

For the next 4 weeks we will be reading books featuring 'Supertato' and the 'Evil Pea'.

Not only will we continue to develop correct letter formation, we will create wanted posters, write speech bubbles, hot seat characters from the book, create freeze frames and write letters between the characters.

In reading we will continue to focus on our individual learning targets when reading aloud. Please continue to look at your child's planner to see what they need to work on.

PSHE

We will be thinking about what qualities make us superheroes.

We will also be thinking about everyday superheroes and the jobs that they do.

Science

In science we will be learning all about different materials and their properties. We will investigate what material will make the best replacement cape for Supertato!

Computing

We are now much more confident when visiting the IT suite.

We will continue to go weekly and to develop our skills through the Purple Mash platform.

Phonics

Children will continue to have a daily 30 minutes phonics lesson (Sunday - Wednesday) All children were assessed and are in a group correlating to their level. Each Wednesday 'spellings' will be distributed and then tested the following Wednesday.

Maths

We will work on developing our understanding of number and fact families. For example $6 = 1+5, 2+4, 3+3, 4+2, 5+1, 6+0$.

We will also begin to look at solving simple addition and subtraction problems and ensuring children have a solid understanding of + , - and = signs.

Art/Design

We will start of our first art lesson this topic using various different materials to make our own Supertato.

We will also create Supertato and Evil Pea biscuits!

We will I also design and then using various materials to make a trap in order to catch the Evil Pea.

Year 1 Curriculum Information: Superheroes

The teachers are all so excited about this topic so we are sure the children are going to be too!

For the next 4 weeks the majority of our learning is going to be based around the story Supertato. We believe the idea and book will capture the children's imagination. We have lots of activities planned so that we can meet all the learning objectives. However, we are sure that the children will also have lots of ideas and we are excited to see where it will take us!

We hope that whilst learning about Superheroes children will continue to develop their empathy skills and understand the different qualities that make people 'good'. Attributes such as kindness, helpfulness, courage, and determination make heroes what they are, not just how strong and tough they are.

How you can help.

Please continue to read daily with your child. Please also help them to learn their weekly spelling and number bonds to 10.

Practice proper letter formation by using this free app called "BlobbleWrite".

For curriculum information in drama, PE, music and MFL please refer to the ALL ABOUT ME overview, which was sent at the beginning of the year.

Trips, Events, Dates

- At the end of the topic (in 4 weeks time!) there will be a Superhero picnic. Start talking with your child now about their costume. We would love to see as many imaginary superheroes created as possible! Date TBC.

Trips -once we have managed to trap Evil Pea we will be returning him and all the captured veg to Seoudi Supermarket.
